Together with Woven Govan, Woven Network continues in the shape of Woven Network Nordics!

Over the course of this year, under the management of **Intercult**, four artists from Sweden, Denmark and Norway will take part in a dynamic online residency to deliver presentations, conversations and develop a digital exhibition.

Woven Network Nordics highlights the voices of women within urban spaces across three Nordic countries and examines womens' experiences as central to the European response to the COVID-19 pandemic.

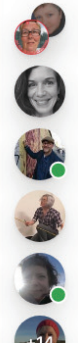

With partners Wovan Govan/Fablevision Studios (UK), Transform World Festival (NO), Nordisk Teaterlaboratorium (DK) and Платформа ТЮ (UA).

More soon about our artists Emma Hirsk, Dina Abu Hamdan, Brynhild Bye-Tiller and Kasia Pi. **Se mindre**
